What we do

- **O**rganic gardening promotion
- **R**aise public awareness of organic issues
- **G**arden organically (via our community allotment and urban gardening course)
- **A**rrange regular meetings and events
- **N**etwork
- **I**nform
- **C**ollaborate with other groups

Phoenix Urban Gardening Course - Grow, Learn & Share

Teaching carried out by qualified PGCE teacher and RHS trained expert Ruth Urbanowicz covering all areas of organic gardening from sowing & growing to soil care and pest & disease control.
Third Saturday of each month 2-4 pm, come rain or shine! (We can be indoors).
Take home seedlings & produce and donate excess to the Phoenix community fridge

Weald Allotment Organic Volunteer Plots

A troop of volunteers of all ages meet on our organic community allotment on the Weald allotment site Sundays from March – October (11am – 1pm weather permitting). We garden together and share our knowledge. You will be equally welcome if you are new to gardening or an experienced grower. Regular volunteers are rewarded with a share of whatever produce is available. Come and visit, we are a friendly bunch and there is often cake too.

Get in touch… we'd love to hear from you
